## Add New Review on The 15th QiR 2017 Submission 259

[Add associate as a reviewer](#)

To ensure independent and unbiased reviews, EasyChair does not show reviews of other PC members to a PC member who is assigned this paper but did not enter her or his review yet. As a consequence of this policy, if you enter a review and then revise it so that the score changes, the system will show both the original and the revised reviews.

For this reason, please **ensure that the first review you enter for the paper is a valid review and not a draft** and that the scores you give to the paper are the intended scores. If you revise a review and change the scores, we recommend to add a note for PC members explaining the reason for changing the scores.
